**Mister Tomás de Gil, President of BCM Group and the regional manager of the delegation in Girona GCM**, were assisting at the celebration ceremony which took place last july under the name of "IV Night of Tourism of GCB- Girona Convention Bureau" at the Perelada castle. At this very special event the "who is who" in the tourism sector was present.

A very important and unique part of the celebration act was of course the handing over of the award for the GCB.

The entire gala was completely under the sign of its royalty. **The Crown Prince Don Felipe de Borbón, opened the gala with the following words:**

"In the name of the institution which we represent, and as Crown Princes of Girona, we would like to animate you to continue with enthusiasm, motivation and innovation to continue with the amelioration of the tourism sector of Girona. Girona was always seen as an exemple for a successful

tourism management. In this sense, I wish you all the best for the future! Moltes gràcies"

The official part of the gala startet at 7 pm with the arrival of all the invited people and an appetizer in the castle's garden pavilion which was then followed by the "royal gala dinner". To give the event a special touch and therefore make it an unforgettable experience, the audience had the pleasure to be part of an extraordinary classic concert by famous catalan artists and the catalan national symphony orchestra.

GCM and the BCM Group we are already very much looking forward to assist once again in the upcoming edition next time.
